🌐 **Website:** <https://adrisp16.github.io/portfolio>

📍 **Home:** Urbanización Nuevo San García 2ª Fase Nª 17, 11207 Algeciras (Spain)

### ABOUT ME

**Higher Technician in Multiplatform Application Development**, focused on the areas of **Cybersecurity** and **Networking**.

I hold certifications from **Cisco Networking Academy** in networking and cybersecurity, and I am actively continuing my education to expand my knowledge in **network security**, **systems**, **vulnerability analysis**, and more.

I have experience in **programming** (Python, Kotlin, Dart), **Linux environments**, and **databases** (SQL and NoSQL), with a strong focus on **technical learning** and **structured work**.

I am eager to take on my first role as a **Junior Cybersecurity Analyst**, where I can apply my knowledge and grow professionally in a collaborative and continuously evolving environment.

In addition to this, I am particularly excited about the opportunity to work outside of my home country, as I see it as a perfect chance to enhance my **language skills** and gain valuable international experience. The idea of broadening my horizons and contributing to a global team really motivates me.

I am available for immediate employment in the **Cádiz province and Gibraltar**, with the possibility of national or international relocation with a short preparation time.
